

“Getting The Love You Want” IMAGO Couples Workshop

Imago...a new way to love.

When we fall in love, it's supposed to be forever. We meet the person of our dreams and a magical transformation takes place within us. We feel alive, whole, connected to the world and the people in it. Then, before we know it, that magical feeling fades. This weekend workshop can help...

What should I know about an Imago weekend workshop?

The workshop will have group time in which the presenter teaches information and then private time in which you and your partner work together on the exercises.

Imago principles are ideal both for helping a couple whose relationship is in trouble to heal and for helping a couple who simply wants to deepen the connection they already have.

Imago is based on the theories and exercises in the best-selling book, “Getting the Love you Want: A Guide for Couples” written by therapist Harville Hendrix. Ph.D.

In this weekend workshop, you and your partner will learn new ideas about how you were initially drawn to each other, the stages of a love relationship, and communication techniques for more effective bonding.

Dates: March 24th and 25th, 2018

Cost: \$800

Location: Hyatt Place Greenville/Haywood

Research says that **one intensive weekend workshop is as impactful as 20 or more couples counseling sessions.** Because of this, workshops prove to be cost effective and expedite the change that couples want to see. Time spent at a workshop can both enhance and jumpstart work done in outside therapy sessions. It is highly likely that even if you arrive at the workshop disconnected, you will leave feeling connected again. This workshop provides both the space and information to help you reach breakthroughs that are difficult to achieve in the short time span of a typical therapy session.

This workshop is for couples who:

- are beginning a relationship they'd like to explore.
- are in a healthy relationship and want to deepen intimacy.
- are in a difficult relationship and want to restore connection.
- are near divorce and want to find an alternative.
- are wanting to learn relationship skills that will make their relationship successful.
